Pune, Maharashtra - 411057, India

WORK EXPERIENCE

• Capgemini technology

June 2023 - Oct 2024

Frontend Developer

Pune, India

- Developed and implemented a unified UI platform for managing and listing 100+ web-hosted reports using React JS, Axios, and Material UI. Key achievements include:
 - Designed and built responsive user interfaces with React and Material UI, improving report organization.
 - Enabled user features to mark reports as favorites and group them into 3 custom categories.
 - Built functionality for users to create, edit, and manage report attributes and membership, improving report customization.
 - Integrated APIs using Axios to dynamically fetch and display real-time data.
 - Collaborated with cross-functional teams to gather requirements, design technical solutions, and deliver an optimized and cohesive user experience.

• Capgemini Technology

Nov 2022 - May 2023

Functional consultant

Pune, India

- Managed SAP Production Planning (PP) tasks, including the creation of production orders.
- Collaborated effectively with the data team to ensure a seamless migration of data from SAP ECC to SAP S/4 HANA.

EDUCATION

• Jabalpur Engineering college

July 2018 - Aug 2021

Bachelor of technology in civil

Jabalpur, India

- CGPA: 7.46

• Rajiv Gandhi Proudhyogiki vishwavidyalaya

Aug 2015 - July 2018

Diploma in civil

Bhopal, India

- CGPA: 7.82

SKILLS

- **Programming Languages:** Java, JavaScript
- **Frontend Technologies:** HTML5, CSS, JavaScript, React.Js, Router, Redux, Axios, Tailwind CSS
- **Backend Technologies:** Node.Js, Express.Js, Rest APIs, MongoDB
- **Version Control:** Git
- **Specialized Area:** Data Structure and Algorithm, OOPS, Networking

PROJECTS

• Recipe Vault - Recipe Search Functionality

March 2024

Tech Stack: React JS, Tailwind CSS, Axios (for API fetching)

- Developed a food recipe application allowing users to efficiently search over 1,000+ recipes by type or name using React JS and Axios for API integration.
- Integrated third-party APIs to dynamically fetch and display recipe data, improving search response time.
- Designed a dynamic, responsive UI with Tailwind CSS, enhancing the user experience.

• Portfolio - Responsive React JS Portfolio

April 2024

Tech Stack: React JS

- Developed a responsive portfolio website showcasing projects, skills, and experience using React JS.
- Implemented dynamic sections with animated About and Skills sections, and a timeline to display Education and Experience, enhancing portfolio interactivity.
- Built an interactive projects grid with detailed project cards, improving project navigation and presentation.
- Designed smooth navigation with seamless routing and scrolling for an improved user experience.
